

MultiChef XL DATA SHEET

No Hoods. No Vents. No Problem!

Take a look at the little fast bake oven delivering big results.

Rapid Bake Technology – MultiChef XL uses convection, rapid impinged air, bottom infrared, and precision microwave to reduce cook times. MultiChef XL transforms your business into a food preparation powerhouse and **cuts cook times by more than 80% with superior results.**

Ventless Operation – The MultiChef high speed oven is equipped with its own internal ventilation system so you'll save money as there is no need to install any costly vents or hoods to operate. Without needing to be located under a hood, MultiChef is also easy to relocate in the event of a remodel.

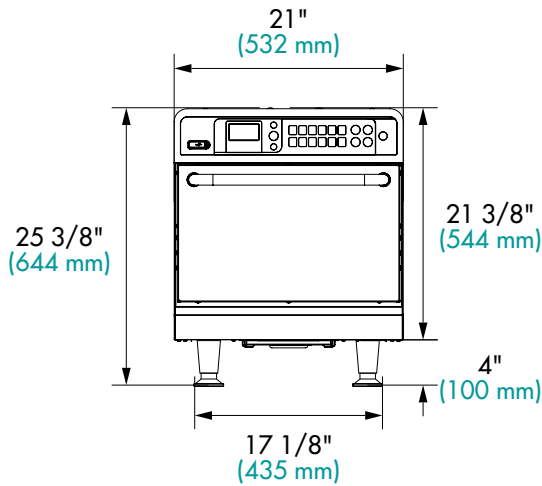

Ease of Use – MultiChef is extremely simple to use and clean, regardless of your kitchen knowledge level. With its **two step cooking system**, every menu item is just a few taps away! Plus with its **unique removable catalytic converter**, cleaning a high speed oven has never been easier.

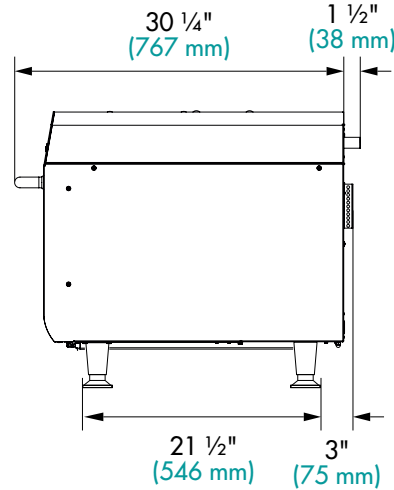

Custom Menu – Your menu has never been so easy to execute. With USB port to upload and download recipes, you can easily create up to 80 presets for your menu items. Categorize recipes into groups, with up to six different steps, you can be sure each recipe outputs the perfect quality food for your customers.
